**Part 2 Particular Reasons for Making of the Closure Order**

Regulation (EC) No. 853/2004 on the Hygiene of Foodstuffs  
Annex II, Chapter IX (4) Annex II, Chapter I(1)

Adequate procedures were not in place to control pests.  
The following was observed as evidence of this:

Evidence of rodent activity in the dry goods area  
of the kitchen, in the front ice-cream service area  
and in the front counter service area, indicating the  
premises had not been maintained in a clean condition.  
The absence of adequate procedures for controlling pests  
gives rise to a serious risk of contamination to food-  
stuffs, food preparation areas and storage areas in the  
food business

Dated this day 19/6/23
