- (i) an Order to contrary effect by a Court of competent jurisdiction; or
- (ii) further written direction by the **Health Service Executive**

We make this order being of the opinion that there is failure to comply with food legislation for the particular reasons set out in Part 2 of the Schedule and of the opinion that **all or part** of the food business to which the order relates should cease operating or **all or part** of the premises to which the order relates should be closed as specified in Part 1 of the Schedule.

Schedule

Part 1 Food business/Premises

The premises occupied by **Mohsin Khan Shahzadugul** at **Main Street, Athboy, Co Meath** and trading as **Athboy Pizza's**.

This closure order requires

All of the food business to cease operating/all of the premises to be closed.

Part 2 Particular reasons for making of Order

Regulation (EC) No 852/2004 Annex II Chapter 1 (3) & (8)

There was a blockage in the sewage pipe discharging from the staff toilet at the time of inspection. It was established that the blockage extended from the staff toilet to the waste water outlets servicing the kitchen sinks. The toilet bowl was full of human excrement. When taps were turned throughout the food business, the human excrement was observed bubbling up through the toilet bowl. The staff toilet opens directly into a food preparation room.

The defective drainage system may give rise to a food contamination risk
